COVID-19 Update – June 19, 2020

In response to the continued COVID-19 pandemic, the Strand Theatre Preservation Society is taking new actions on the status of events. According to the governor's *West Virginia Strong – The Comeback* plan, "entertainment venues such as movie theaters, sporting events, and concerts will remain closed for the foreseeable future." Guidance from the governor's office and local health department will lead the decision-making regarding holding events. It is the hope of the Strand that events will be able to be held beginning in August.

Based on guidance from the governor and health department, the Strand Theatre Preservation Society is taking the following actions regarding its spring and summer schedule of events. The revised schedule of events is tentative and contingent on guidance from the governor's office and local health department.

TENTATIVE Schedule (pending guidelines)

August 8, 2020 – Bridges (rescheduled from June 6, 2020)

September 19, 2020 – Yard Sale

Private rentals will occur when permitted by health guidelines
